The meeting was called to order at 7:10pm and adjourned at 9:00pm.

The February 3rd meeting minutes and February 24th retreat notes were approved.

Public Works:

- A draft Agenda Bill regarding Island maximum speed limits was reviewed and approved. It will be on the March 8 Council meeting agenda.
- The Island-Wide Transportation Plan (IWTP) public engagement schedule is being developed for presentation to the Council at its March 15 study session. The IWTP Project list/map will be reviewed at a 6:30pm session prior to committee's April meeting.
- The Wyatt Way open house enjoyed good community turnout and useful participant discussion. Most committee members were able to attend.

Discussion:

- The committee voted to postpone a recommendation regarding transfer of the IslandWood trail easement to the Park District until its April meeting. Lief will continue discussions with involved parties.
- There was interest in a City study of Point White parking/trail & water access.
- Olympic Drive Project – Concern was expressed about the bike transition to new left lane at Harbor Drive. A remedy may require moving the signal poles. It is unlikely that the project's Phase 2 budget will cover the cost.
- The committee's 2016 meeting calendar will be coordinated via email.
